Narrow Escape of Mrs. Stack and Her Daughter Kate From a Paintul Death-Both Ladies Badly Burned-A Peculiar Accident.

Mrs. Stack and her daughter Kate, who reside at 1406 South Seventh street, are suffering from a rather queer, though none the less painful, accident which happened to them Sunday morning, Mrs. Stack, while getting breakfast, picked up a cup that stood on the table in the kitchen and put it on the not stove, under the impression that it was filled with water. It turned out afterwards that the cup had been filled with kerosene, but Mrs. Stack did not know that until it exploded and sept the blazing fluid all over her and her daughter, who was with her in the room. They were immediately wrapped in flames, and nearly all the ciothing was burned off them before the first was extinguished. They were both very badly burned, but Dr. Macrea, who attenged them, stated that their injuries would probably not prove fatal.

Democrats in the Senate. Council Blurrs, Ia., Nov. 28 .- To the Editor of THE BEE: Your Washington correspondent assumes that the democratic party will have a working majority in the United States senate. That party, it is true, will not suffer the loss of a single senator by the recent elections, but it must gain five members in order to give it one-half of the senate, which is forty-four. In the present sonate the strength of the party is thirty-nine. It has gained one in New York, one in Wisconsin, and evidently one each in Wyoming and Montana. Provided that the last two states named elect democrats to succeed Senators Warren and Saunders, the democratic party must secure one more senator to give it one-half the senate. vada will elect a populist or it will return Stewart who has come out as a populist. If the California legislature is democratic the democracy will have, upon the estimate above given, forty-five senators. I treat Kunsas and Nebraska as unknown quantities. How will the senate probably stand leaving the last named states outside of an estimate! INVESTIGATOR.

MEETING OF THE NATIONAL COMMITTEE

Variety of Matters of Interest to Bobe mians Considered and insposed of -Summary of the Proceldings.

The national committee of the Bohemian-American Home Rule association held an important meeting in Chloago last week. The committee represents the sentiments of the hundreds of thousands of Bohemians who enjoy in America that liberty and equality denied thom in their native land, and who desire to aid in bettering the condition of their countrymen at home. It is in jts essence a Bohemian home rule movement. Considerable business of an important

character was transacted by the committee. Resolutions were passed urging parents to send their children to gympasiums and secure for them athletic instructions. Messrs. Zdrubek, Snaidr and Stutik were appointed a committee to order books from Bonemia which will go to make up a historical library that the national committee will maintain. V. Snajdr, editor of the Bonemian paper in Cleveland, who recently returned from Eu-rope, reported to the committee that be found a keen interest in the World's fair manifested by those on the other side, and that many had signified their intention of coming to Chicago next year. A bureau will visiting Bohemians.

Officers and Their Duties.

Since the last meeting of the committee one member, H. Opic of New York, has died. The vacancy will be filled by the executive committee. Another vacancy, caused by the resignation of Frank Choura of Woodville, Pa. was filled by the appointment of J. F. Sprosty of Cleveland. A resolution was passed petitioning the establishment of a chair of Slavonic literature and history chair of Slavonic literature and history either in Johns Hopkins university, Cornell or the University of Chicago, and a commit tee was appointed to confer with Jone D. Rockefeller of Cleveland in regard to the It was decided to send a telegram to Autone Dvorak of New York, congratulating him

upon his appointment as director of the con-servatory of music of that city. President-elect Cleveland will be asked by formal petition of the committee to appoint a Bohemian-American as consul to Prague. It was decided, owing to the great amount of work involved in the office of secretary, that the executive committee should be empowered to select a suitable person to succeed Prof. B. Simek of the lowa State university, who is unable to give the work the time it requires. The office will then be made a salaried position, and its incumbent will also take charge of the business management of the Bohemian Voice, published in Omana, the authorized journal of the committee. Discussion as to the feasibility of continuing the authorized for the Voice repowered to select a suitable person to suc-

continuing the publication of the Voice re-sulted in a unanimous decision that it be continued. An earnest effort will be made to put the paper in the hands of every American-Bohemian and place it on a paying basis. It will be enlarged and sent out in a handsome cover, as becomes a monthly magazine of its standing. For a Stated Memorial Day.

To the committee on resolutions was re-To the committee on resolutions was referred a motion to establish an annual memorial day to be observed by American-Bohemians as "German day" is observed by the Germans. The day will be one of the three great anniversaries in Bohemian history—the martyroom of John Huss, July 6, 1415; the battle of White Hill, November 18, 1420, or the high of Johann Awas Comenius. 1630, or the birth of Johann Amos Comenius. March 28, 1592. It is probable that the first anniversary will be the one selected, as it recalls one of the most significant days in the history of Europe. The last date is favored by many from the fact that Comenius laid the foundation of the modern school

system. The committee will at once begin preparations for the establishment of an immigra-tion bureau at New York. The object of this bureau is not to encourage immigration from Bohemia, but to aid Bohemians who have just arrived in this country in their search

It was decided to issue a circular from the Voice office to every Bonemian colony in America requesting them to send in complete statistics on immigration to America. will be a work of some years and the results will be published in book form. The Put-nams will be asked to add the "Story of Bohemia" to their "Stories of the Nation's" series. The manuscripts of three exhaustive histories of Bohemia are now in the hands of the committee, and if none of them prove satisfactory some standard history of the country by a Bohemian will be translated

or English readers. Messrs, Zdrupek, Snajdr and Stulik were appointed to collect a polyglot library on al that in any way relates to Bobemia and its people and the political history of Austria. The library will be in Omaha. The following resolution was adopted:

We, citizens of the United States of America and members of the national committee, do sereby renoive in our session held in the city of Chicago November 24-26, 1892, upon the forlowing:
First—That we symunthize with the Bohemian nation in its present struggle for home
rule.
Second—That has been struggle for home

rule.
Second—That by unite I and fearless action
of all the representatives from the Robemian
crown lands the cause would be much ad-Third—That it is necessary to defend with perseverance these inalienable rights which we have inherited from our ancestors. Fourth—That we express our thinks to Delegates Elm Massaryk and Pacak for their effective work in the Austrian delegations. Fifth—That this resolution shall be published in the Narolini Listy of Prague, Bohemia.

All the officers were re-elected for the ensuing year. They are: L. J. Palda, president, Cedar Rapids, Ia.; John Rosicky, vice dent, Cedar Rapids, Ia.; John Rosicky, vice president, Omaha; B. Simok, secretary, Iowa City, Ia.; Anton Kiobasa, treasurer, 2716 Russell avenue, St. Lonis, Mo.; F. B. Zurubek, librarian, 151 West Tweifth street, Chicago, Ili. Thus the zeai for national freedom and the prospects of boundless prosperity for a liberated Bohemia took shape in the convention of 1892. Adjournment was taken until July 8 1892, at Chicago ment was taken until July 6, 1893, at Chicago.

Findings in the Transmissourl Freight Association Case. Topeka, Kas., Nov. 28 .- At the opening of the federal circuit court in this city today, Judge Ryner handed down his decision in the Transmissouri Freight association case. The action was a suit in equity brought in the name of the United States by United States District Attorney Ady, under the direction of the attorney general, to dissoive the Transmissouri association and enjoin the railroads from further participation in it. The case was argued at Cheyenne last

August. The court's decision was in favor of the railroads, dismissing the complain-The judge held there was nothing illegal in the contract between the railroad com panies composing the Transmissouri associ-ation; that the contract was not in restraint of trade or against public policy, and that there was nothing in the contract which de-prived any of the companies concerned in it of the exercise of all their corporate franchises. that he should appeal the case. "It was im-

possible for the government to prove that rates at competing points are unreasonable," he said. "On the contrary, the loweess of through rates has made an excuse for higher rates locally. But this was not the real question insisted upon by the government. If the fact that facilities are improved by a combination and that prices are reduced is a defense under the anti-trust law, then now of the trusts and

anti-trust law, then none of the trusts and

combines of which the people complain, such as the Standard Oil trust, the supar trust

and the best combine is obnexious under that law. It is a fact, well know to every-body, that the Standard Oil trust has im-

proved the quality of lighting fluid and has lowered the price. Such a construction practically annuls the anti-trust law.

"The real object of that law, as I insist, is to prohibit these great combinations of capi-

tal which, though they may reduce prices at the commencement, tend to monopoly in the production and distribution of the prime

necessities and are dangerous to the welfare and persetuity of the republican institutions. The court holds that the anti-trust law does
